

*Southeastern
Printing*

July 14, 2011

To Whom it May Concern,

Southeastern Printing has had the privilege to provide commercial printing services to Brandt Ronat & Co. for over 20 years. The scope of products provided includes custom process color brochures, high-end, perfect-bound reports and multi-market direct mail campaigns.

The creative work from Brandt Ronat & Co. has been technically some of the best in the industry. File preparation and attention to detail is critical to the success of any printing project. Their work is always supplied exactly to project specifications, which allows us to produce projects that are delivered accurately, on time and on budget. The benefits to their clients extend far beyond a solid creative printing job.

Brandt Ronat & Co. has been recognized by the Printing Association of Florida for creative excellence. Their portfolio is not only artistically impactful but strategically driven. The design is built from a sound foundation of purpose behind the message.

Personally, I have worked with Brandt Ronat & Co. as the account manager from Southeastern during our entire 20-plus year relationship. We have enjoyed a special business partnership based on honest and integrity. I would highly recommend Brandt Ronat & Co. to any company desiring to expand their presence and profitability in a challenging market environment.

Sincerely,

Sue Hengy
Account Manager
